RE: DES Wetlands File #2003-01897, Wadsworth Drive, Dummer

Dear Mr. Kalil

On October 10, 2003, personnel from the Department of Environmental Services ("DES") issued Letter of Deficiency WET 2003-35 ("LOD") regarding the above-referenced property, more specifically referenced on Town of Dummer Tax Map U1 as Lot 32 (the "Property"). The LOD requested that an after-the-fact standard dredge and fill application be submitted to DES to retain the installation of a culvert and to convert a scrub-shrub wetland to agricultural use.

As a result of the submittal of the application and the issuance of Wetlands and Non-Site Specific Permit 2003-1897 regarding the above impacts, DES has determined that the deficiencies described in the Letter of Deficiency have been corrected. DES will close its enforcement file regarding the Property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance in bringing this matter to a resolution. Should you have any questions, please contact me at (603) 271-4056 or by e-mail at lmagoon@des.state.nh.us.

Sincerely,
